In June 2012 the *W(here) Festival* begins and ends on its feet, exploring ideas of place, art, and community. All events are free and family friendly.

At the meeting, we will discuss:

- + the festival schedule (how it's all shaping up, the who's who and what's what)
- + how artists can be involved (*Walking in Place: Field Trips in Pictou County* and local artist talks)
- + visiting artist projects by Marlene Creates and Sheilah Wilson
- + plans for local sponsorship and volunteer opportunities (for all the art lovers and supporters out there)
- + your questions and thoughts about this project (really looking forward to hearing your feedback!)
- + what else is happening in the area! (a great way to share your upcoming event information)

**Ask questions.
Share ideas.
Get involved.**
